

Brake & Parts Cleaner - PBC

Product Data Sheet

Use - Automotive Application
Brake & Parts Cleaner

TYPICAL PROPERTIES

Appearance:	Clear Colourless Liquid
pH	Not applicable
Odour:	Sweet Odour
Specific Gravity:	0.67
Melting Point:	Not available
Boiling Point:	68°C
Solubility:	Slightly soluble
Flash Point:	<0°C
Flammability:	Highly Flammable

Not classified as hazardous according to the criteria of Worksafe Australia

PRODUCT INFORMATION

PBC is a highly effective, solvent based liquid that has been specifically designed for cleaning brake and clutch parts. PBC is formulated from fast drying solvents that evaporate quickly leaving parts ready for immediate re-assembly. PBC is non residual ensuring that further cleaning is not required. PBC is suitable for drum and disk brakes. PBC has no deleterious effects on rubber used in brake systems.

APPLICATION

Best results are achieved using spray applicators. The Quality Auto Treatments pump-up sprays are recommended.

PRECAUTIONS

The product is highly flammable and should be used with care. It is important that the Product MSDS is referred to prior to using.
